

The Journey

The Journey is a plunge pool which emerges as an outstanding solution that turns space limitations into opportunities.

Its narrow design is a testament to ingenuity, tailored to fit comfortably into smaller areas without compromising on impact or functionality. Dual access points enhance the pool's accessibility to the full-length bench seat that stretches from entry point to entry point. Steps cascade down into the shallow end, inviting swimmers into an unobstructed swimming corridor.

The Journey embodies the idea that limited space doesn't equate to compromise. The narrow expanse transforms backyards into captivating aquatic havens, where relaxation and recreation coexist harmoniously.
